## SOL SOLACE

October 17-31, 2024

SOHO galleries Sydney

150 Edgecliff Rd, Woollahra

This collection exudes the vibrancy and energy of sun-soaked days. Each piece evokes a longing for summer, from beach scenes, people pool side and activities bathed in warm sunlight, it is a celebration of warm weather, sun kissed skin and the essence of balmy days. So much inspiration from my creative practice comes from moments by the water. When I am at the water's edge, my brain shuts down, I feel connected and I can get into this sort of meditative state where I am able to forget the world and everything that's going on.

'Sol Solace' reflects the warmth, light and meditative state I experience at moments surrounded by water. Inspired by the quiet beauty of sun-soaked moments by the ocean or poolside, where light and water create a harmonious dance of colour and reflection. I explore the balance between solitude and connection, painting vibrant, sunlit scenes to capture the serenity of being immersed in the outdoors. Using layered brush strokes, an eye for detail and a luminous colour palette, I aim to capture the stillness found in those sun-soaked moments of solitude that invite calm and reflection. It is an escape of both the physical and the psychological.

**Bronte**  
35x35cm  
\$750
