

# Poolside Dreaming

Gino Campagnaro

Inspired by a recent holiday to Palm Springs - The bright sun creating moody lights on the architecture and landscapes, people hiding from the heat inside air-conditioned mansions only stepping out for a cocktail around the pool.

Campagnaro paints in acrylic on linen with simple thick brush strokes and muted soft colours, providing space to detail a focal point of the painting. His background in graphic art and fashion has led him to keep the edges, shadows and shapes simple and distinct.. Gino's aim is to make the complicated simple.
